

SUMMER SCHOOL | 2024

POLITICAL ECONOMY OF THE EUROPEAN PERIPHERIES

The Socio-Economic (Re)Production of
Peripheries: Challenges and Possibilities

Évora - PORTUGAL
July 7th to 11th 2024

CULTURAL PROGRAMME

"At the Table We Understand Each Other"

Round Table promoted by CEC2027

July 8, 18.30 - Cafeteria da Sé

Around a table, we eat, drink and learn a lot! “À Mesa é que a Gente se Entende” (At the Table We Understand Each Other) stems from Évora 2027's will to meet people and communities in order to talk and exchange ideas about what Europe's largest cultural event can bring to the Alentejo, as well as what the Alentejo people can bring to the European Capital of Culture. Throughout the application process, in several meetings hosted by local citizens to welcome Évora 2027, the Mission Team sat at the table with the region's communities and collectives to discuss themes, projects and issues with relevance to people's lives. At home or outdoors, in neighborhoods, communities and associations, on the city streets and squares or in the countryside, we took the “talego” and a lot of willingness to listen, and we came back even more inspired. The project will go on, and between 2023 and 2028 we will continue to sit at table with Évora, the Alentejo, Portugal and Europe.
